

Special Rooms Tables

The SR tables that follow are the result of years of diligent work. Each table has been verified and re-verified many, many times. I believe them to be the first and only set of 100% correct SR Tables available. Each table has 18 encounters, which I believe is the inherit limit placed by the program. TERM comment if you find an error or omission.

ENJOY!

Lvl 3 SR

3	Lama	Sword +1 Pro undead
4	Black Dragon	Ring/Eyes
